FACILITY MAINTENANCE DREDGING

KANAWHA RIVER, MILE 39.5

Notice is given that on or about 1 December 2004, Kanawha Crane and Construction Company will commence dredging at the American Electric Power Plant (John Amos facilities), along the left descending bank of the Kanawha River, mile 39.5.

The contractor's floating plant will consist of the M/V JAMES EDWIN, one barge mounted crane, and one material barge. The M/ V JAMES EDWIN will be monitoring marine channels 13 and 16. The material will be placed upland in an approved disposal area on American Electric Power property. Work will be performed 7 days per week, from 7:00 a.m. to 5:00 p.m. and is anticipated that this work will be completed on or about 10 December 2004.

During non-working hours, the contractor's floating plant will be moored at the work site and lighted according to regulations.

Mariners are urged to transit at their slowest safe speed to minimize wake and to proceed with caution.

ARLIE D. BISHOP
Chief, Technical Support Branch
